

Liquidfloors – Flooring installer - Kortrijk region

Looking for an installer of cast floors!

Liquidfloors creates unique, seamless design floors that stand out in atmosphere, elegance, and durability.

As a pioneer in our sector, we elevate interiors to the next level — from private homes to retail spaces, showrooms to high-end offices.

We're a fast-growing company and a close-knit team that values quality, craftsmanship, and collaboration.

Do you get satisfaction from working with your hands and delivering results you can be truly proud of?

Then you might be the perfect fit for our team.

Who are you?

We're mainly looking for someone with the right drive and mindset.

If you also bring some of the following skills, we'll be even more excited:

- You have experience as a floor installer, painter, spray technician, or in another finishing trade
- Interior and design make your heart beat faster
- You work precisely and have a keen eye for detail, finish, and cleanliness
- You're eager to learn, have a positive attitude, and don't give up easily
- You hold a driver's license (B) and can easily get to our sites or workshop
- You take responsibility but also work smoothly in a team
- You identify with our *Liquid Spirit*: quality, pride, teamwork, and enthusiasm

Do you see yourself in this? Then it's time to take your craftsmanship to the next level — together with us.

What will you be doing?

After training in our Liquid Academy, you'll learn the craft from A to Z. Together with a colleague, you'll hit the road to create floors that truly transform interiors.

- You'll install high-end seamless floors that shine in finish, precision, and style
- You'll finish modern interior elements with floor frames, recessed mats, profiles, and skirting boards
- You'll be active on sites mainly in West and East Flanders, always working in a team

Every project is different — a new space, a new client, a unique interior.

But every time, you deliver something to be genuinely proud of.

What can you expect?

- At Liquidfloors, this isn't just a job — it's a place where you can grow, take pride in your work, and be part of a tight-knit team
- A permanent contract — stability and long-term perspective
- Full-time day shifts in a solid and ambitious company
- A fair salary that evolves with your knowledge, experience, and commitment
- Plenty of variety every day
- Growth opportunities at your own pace — whether in specialisation or responsibility

- A warm team where respect, initiative, and the *Liquid Spirit* are second nature

Where will you work?

Every day you'll leave from our workshop in Zwevegem to various sites, mainly across West and East Flanders.

Apply now

At Liquidfloors, you don't just get a job — you join a team where craftsmanship is at the core.

Ready to help shape interiors where style, class, and pride come together?

Send your CV to jobs@liquidfloors.be.

We look forward to getting to know you!
